

From the Office of the
Joint Committee on Atomic Energy

Press Release No. 569
For Immediate Release
September 7, 1967

JOINT COMMITTEE ANNOUNCES REVISED
WITNESS SCHEDULE FOR LICENSING AND REGULATION HEARINGS

The Joint Committee on Atomic Energy today released a revised and supplemented list of the witnesses who are scheduled to testify before the Committee at public hearings on September 12-14, 1967 concerning the licensing and regulation of nuclear power reactors. A tentative witness schedule for these hearings was published earlier by the Committee in a press release issued on August 29.

The hearings, which are a continuation of hearings held on the same subject on April 4-6, April 20, and May 3, 1967 when officials of the Atomic Energy Commission and representatives of other organizations participating in the AEC's regulatory review process testified, will be held in the Committee's public hearing room in the U.S. Capitol Building. Morning and afternoon sessions have been scheduled to begin, respectively, at 10:00 a.m. and 2:00 p.m. each day.
